

# LMR Drilling UK Ltd

## Pipeline Industries Guild Awards 2005

We are pleased to announce that LMR Drilling UK Limited, a World leader in the industry, had one of their recently completed Horizontal Directional Drilling outfall contracts, namely the **Holyhead Outfall**, short-listed by the Pipeline Industries Guild for both the Land Based Pipeline Technology Award and the Subsea Rigid Pipeline Installation Technology Award.

We are delighted to advise that the project was awarded the 1st Prize in the Land Based Pipeline Technology Award (*Main Contractor: GallifordTry Limited, Marine Contractor: Land & Marine Westminster Joint Venture*).

This award is made for the most significant contribution to land based pipeline technology. The object of the award is to promote new ideas in the field of land based pipeline technology. The award was gratefully received by LMR Drilling UK Limited as recognition of the efforts that staff in the UK and Germany had produced to successfully complete a very difficult contract using state of the art technology.
